Fem ledande akademiker vid Karlstads universitet, varav en är självaste Fru Rektor, anmäls försvunna. Före detta kriminalkommissarie Gravander, numera högsta och enda hönset på polisens hittegodsavdelning (med 1 256 dagar kvar till pensionering) anar oråd. Inga lik står att finna - men hans känsliga deckarnäsa anar ändå ond, bråd död.

Spaningen efter de försvunna börjar och flera gemensamma nämnare nystas upp: en omdiskuterad Indienresa, föråldrat (men ändock) medlemskap i den allra som yttersta vänstern och inte minst maktmissbruk - de har alla "satt någon på plats". I Arne Johanssons deckarsatir får vi inte bara följa kommissarie Gravanders jakt på förövaren, det blir minst lika mycket en filosofisk spaning där tankarna kretsar kring makt, hämnd och vedergällning. En underbart surrealistisk berättelse i gränslandet mellan dröm, fantasi och konkret verklighet; befolkad av en trött desillusionerad polisman, akademiska "teorister", exceptionella datahackers, "a Baby in a corner" och inte minst - Gudfadern själv.
